| | STATE WORKFORCE DEVELOPMENT BOARD https://www.iowawdb.gov/ |
|----------|--|
| Mission: | The lowa State Workforce Development Board oversees the development and implementation of the state workforce development plan. The SWDB ensures that state workforce regions have the resources to support employment programs across the state. |
| | PUBLIC MEETING NOTICE |
| Date: | Thursday, May 15, 2025 |
| Time: | 11:00 a.m. – 1:00 p.m. |
| Place: | DMACC Urban Campus Student Life Building 1144 7 th Street Building 7 Room UC07-170 Des Moines, IA |
| Zoom: | Join Zoom Meeting https://iowaworks.zoom.us/j/83149113689 Meeting ID: 831 4911 3689 One tap mobile +13052241968,,83149113689# Dial by your location • +1 312 626 6799 Meeting ID: 831 4911 3689 Find your local number: https://iowaworks.zoom.us/u/kb4DpLN0cZ |

TENTATIVE AGENDA:

- 1. Call to Order.
- 2. Roll call to establish quorum by Shelly Evans, Board Administrator.
- 3. Action Item: Approval of Meeting Agenda.
- 4. Action Item: Approval of Minutes from the December 4 State Workforce Development Board meeting. (Attachment 1 Minutes dated 2/21/25)

- 5. Welcome by Teresa Hovell, Chair.
- 6. Public Comment. (Speakers will be limited to 3 minutes).
- 7. Update on Last Dollar Scholarship AY 26-27 List by Ryan Murphy, Division Administrator Labor Market Information Division, Iowa Workforce Development. (Attachment 2 -2026-2027 Future Ready Iowa Last Dollar Scholarship AY 26-27)

7.1 Action Item: Motion for vote on Last Dollar Scholarship AY 26-27 List.

- 8. Update on Future Ready Iowa Grant AY 26-27 List by Ryan Murphy, Division Administrator Labor Market Information Division, Iowa Workforce Development. (Attachment 3 – Future Ready Iowa Grant AY 26-27 List)
 - 8.1 Action Item: Motion for vote on Future Ready Iowa Grant AY 26-27 List.
- 9. Update on Iowa Workforce Grant and Incentive AY 25-26 List (in coordination with the Iowa Board of Regents) by Ryan Murphy, Division Administrator Labor Market Information Division, Iowa Workforce Development. (Attachment 4 Iowa Workforce Grant and Incentive AY 25-26 List)
 - **9.1** Action Item: Motion for vote on Iowa Workforce Grant and Incentive AY 25-26 List (in coordination with the Iowa Board of Regents)
- 10. Discussion on WIOA One Stop Certification Standards by WIOA Core Partner Working Group, Wendy Greenman, WIOA Title I and Title III Bureau Chief, Iowa Workforce Development. (Attachment 5 – WIOA One Stop Certification Standards)

10.1 Action Item: Motion for vote on WIOA One Stop Certification Standards

- 11. SWDB 2025 Legislative Session Overview by Michelle McNertney, Executive Director of Iowa State Workforce Development Board. (<u>SF603</u>)
- 12. Director's Report by Director, Beth Townsend, Iowa Workforce Development.
- 13. Adjourn.

ACCOMMODATIONS:

Accommodations are available upon request for individuals with disabilities. If you need an accommodation, please contact Shelly Evans, Board Administrator, <u>shelly.evans@iwd.iowa.gov</u>, (515) 587-0050.

UPCOMING CALENDAR EVENTS:

- State Workforce Development Board Quarterly Meetings:
 - September 18, 2025 In-Person or Virtual, TBD
 - December 5, 2025 Virtual

SWDB BOARD NOTES Date: 2/21/25 Location: ZOOM

Minutes Iowa Workforce Development Board Meeting February 21, 2025 11 am – 12:00 pm ZOOM

Agenda item 1. Call to Order

Chair Teresa Hovell called to order the meeting of the Iowa Workforce Development Board (the Board) on February 21, 2025, at approximately 11 am.

Agenda item 2. Roll Call

Members in Attendance

- 1. Director Beth Townsend
- 2. Keri Osterhaus
- 3. James Williams
- 4. Teresa Hovell
- 5. Scott Naumann
- 6. Jack Hasken
- 7. LuAnn Scholbrock
- 8. Jessica Dunker
- 9. Brad Elliott
- 10. Ofelia Rumbo
- 11. Alex Severn

- 12. Carrie Duncan
- 13. Charlie Wishman
- 14. Jason Shanks
- 15. Director MacKenzie Snow
- Members Absent
- 1. Laura Book
- 2. Kelly Barrick
- 3. Nick Glew
- 4. Tiffany O'Donnell

Shelly Evans called roll and advised Chair Teresa Hovell that quorum was established.

Agenda item 3. Approval of Agenda

Chair Hovell called the next order of business which was the approval of the meeting Agenda for February 21, 2025. The agenda was previously emailed to the Members of the Board.

1

• ACTION ITEM: Motion to Approve the Agenda for 2/21/25.

Jason Shanks motioned to approve the agenda and Scott Naumann seconded the motion. Members of the Board in attendance voted on the motion by voice vote, which carried unanimously.

Agenda item 4. Approval of 12/4/24 Minutes (Attachment 1)

Chair Hovell called the next order of business which was the approval of the meeting Minutes for December 4, 2024. The minutes were previously emailed to the Members of the Board.

• ACTION ITEM: Motion to Approve the Minutes for 12/4/24.

Jask Hasken motioned to approve the Minutes and Jason Shanks seconded the motion. Members of the Board in attendance voted on the motion by voice vote, which carried unanimously.

Agenda item 5. Welcome by Teresa Hovell, Chair

Chair Hovell welcomes attendees.

- Welcome.
- May meeting at DMACC Urban Campus in Des Moines.
- Need volunteer to host the September meeting.
- Reminder of open meeting laws and use of Al chatbot. Avoid distributing as it does not always reflect perfectly.
- Even thought public meeting reminder that board members are the individuals involved in discussions. Public comments will be made at the end of the meeting.

Agenda item 6. Update on Academic Year 2026-2027 Future Ready Iowa High Demand Occupation List. (2026-2027 Future Ready Iowa High Demand Occupation List – Attachment 2)

Ryan Murphy opened discussions on the draft APY2026-2027 Future Ready Iowa High Demand Occupation List.

Year to select occupations for LDS for APY26-27. Fourth iteration that this board has been asked to approve. Background on how to get to this list for review. Team forecasts and projects industry employment and that feeds into projections. Iowa Code lists criteria:

- 1. At least 1% annual growth;
- 2. 250 openings every 5 years (cut down to 50 annual openings); and
- 3. Entry wage of \$14 per hour, just over \$28,000 per year.

2

List starts with about 600 occupations. Criteria is applied and list is roughly 180. Sent to Department of Education (DE) and Iowa College Aid. Reviewed programs and cut down about 50. List now about 130. Last iteration we selected about 60 from original list. Try to keep the list around 50. Items in green are top 25% of annual openings, red in bottom 25% of annual openings. This is just an introduction to the lists. Community college selected occupations for one of their 5 regional selections (in orange). Number in parenthesis is showing how many colleges selected that occupation.

Beth Townsend – did we produce for the board last time a list of scholarships that were provided for each occupation.

Ryan Murphy – yes but this is a very intensive time commitment.

Beth Townsend – for new members, historically board selects around 50 occupations with understanding we have limited amount of money. Will provide number of scholarships awarded before next meeting. Board has to prioritize to some extent. A lot of flexibility in determining which programs will go on list for 26-27. Ranked by openings but not bound by that.

Ryan Murphy – looking at growth and openings – looking at customer service reps have a lot of openings. Expect those to decline. Board may not want to consider this occupation. Take these things in when considering. See a lot of health science career clusters and manufacturing. Two largest employing industries in the state.

Jack Hasken – this is a little overwhelming. From manufacturing standpoint, it is hard to get people. Hoping manufacturing will get stronger in Iowa. Interesting looking at growth and openings. A lot to pick best 50 professions. Wonderful data but big task ahead of us. Manufacturing, healthcare.

Ryan Murphy – two by far are the largest in the state. Educational services as well. Try to find sweet spot to give you enough information to form opinions without a pile of data. In past we introduce for you to review, reach out to LMI decision with any questions about occupations. Light blue column looked at national data to focus on occupations that require certification. This is what LDS is geared for.

Beth Townsend – put up projected growth chart is a better indicator. Generally, not a high demand occupation for customer service. Don't want to spend limited LDS on. Listen to employers to see what they need and provide scholarships for those.

Ryan Murphy – feel free to reach out to me with any questions. This is a lot of data to cover.

Teresa Hovell – we will be voting in May7, correct?

Ryan Murphy – that is the goal. This is the first step and once the statewide list is determined, cc can work with the DE to make their selections based off what was not selected to help high school seniors next fall.

3

Keri Osterhaus – how does voting process work, do we pick or is an updated list provided?

Ryan Murphy – in past there has been discussions.

Beth Townsend – normally someone will make a recommendation about approving numbers 1 -10, 12-18, 25-45 or something along those lines. We will talk about them. We have never done just the top 50. Always occupations that are not in the top 50 that are considered important by this board. Example, EMTs. We wanted to elevate that. If any occupations that a board member wants to make sure we are looking at, especially out of the top 50. Robotics is an example. If occupations more towards the bottom but feel it may be high growth and want to put it on the list, you are free to do that. Because we want to keep list fairly manageable, around 50. This has been sweet spot in the past. CC have ability to add 5 regional programs to their list. Thirteen CCs that included a program on the regional list. If 13 out of 15 are putting on the list, it should probably be on the list because this is probably a high demand occupation around the state.

Keri Osterhaus – thank you, I appreciate that.

Jack Hasken – interesting to sort by career cluster and would be easier to dissect it a little better. Al could take this information and based off 50 positions would ask criteria. Almost scary how Al is coming into play and when you have this much information, it is just a wild thought. Might be easier to focus down to right professions. Intriguing that massage therapists are number 8. That's crazy but it's the data. I know career cluster part, might be interesting to have it sorted that way. I don't see anything about plastics – molding. I would hire ten if I could. Difficult profession. You have to have a demand and pull students in on what it's going to pay annually. Daunting task but important.

Ryan Murphy – can send out a new list sorted by career clusters.

Beth Townsend – massage therapy may be number 8 but not one we want to put on the LDS list.

Jessica Dunker – realize we can reach out to cc. Culinary. Is there a process or contact so we know who to reach out to? Would like CC to add chefs or sou chefs.

Beth Townsend – Rob is a great contact for DMACC. Any president at the CC. List has to go in front of their board and boards have to approve individually for each college.

Rob Denson – I think to start with the presidents since it comes through our office anyway. Good call.

Keri Osterhaus – do we know how many students have taken advantage of the LDS for the areas that have been selected?

Ryan Murphy – we can get that information, but we have to work with DE friends at Iowa College Aid. This is not something that IWD has. I can make a request.

4

Keri Osterhaus – curious and wondering if people are taking advantage and if not what we can do to make folks more aware of the LDS scholarships or identify why they are not.

Beth Townsend – 2018 program changed a little. The legislature added a means test to LDS. While funds fully expended at that point but would defer to the CCs if the 24 million has been awarded.

Emily Shields – usually closes in August but it is still open right now. Last we knew it was underspent by at least \$8 million which would speak to add more programs and not narrow down as much as it has in the past.

Beth Townsend – that and we need to talk to legislature about expanding the number of people that could be eligible. Certainly, don't want this program to be underspent. Want the CCs to give out \$24 million every year.

Emily Shields – as we do.

Beth Townsend – maybe we can talk about offline. We will bring forward a CC recommendation as we have in the past.

McKenzie Snow – data points requested. 8,000 served every year and extended deadline to 8/31 and will reevaluate. Iowa College Aid makes sure all funds are expended.

Beth Townsend – when putting together number of scholarships awarded we could provide some additional information from College Student Aid of expenditure rate. Todd have overseen from the beginning and would have good insight.

McKenzie Snow - Iowa College is happy to join the next conversation if invited by IWD and when these are considered for approval.

Teresa Hovell – anything additional? Great conversation. Ryan, any last thoughts.

Ryan Murphy – no but I do know questions will come, so please ship them our way. Industry employment we do expect healthcare and social assistance to be the largest change in new jobs over the next ten years. Keep that in mind when reviewing.

Agenda item 7. Update on One-Stop Certification Standards Updated Process.

Brandy McOmber opened discussions on the One-Stop Certification Standards updated process.

5

Core partner group held two consultation sessions to CLEs, local workforce development board members and various stakeholders. Shared standards and federal regulations prior to sessions so everyone attending would have all necessary information to make informed decision. Sessions provided general information about certification, shared standards and discussed associated requirements. Solicited feedback and sought suggestions and updates from all attendees. Opened up for questions. Attendees did great job of providing feedback excellent feedback on standards. Core partner group providing further consultation, making any necessary adjustments to standards with intent to bring back to this board for vote and approval in May. Change in timeline for guidance and feedback from several entities, so will update in May for approval.

Agenda item 8. Director's Report

Director Townsend provided her report.

- Introduced Georgia Van Gundy.
- Deep in legislative session. One agency bill with clean-up for changes to code that should have been made quite a while ago. Working through the process. Most relates to UI. Clean up from alignment.
- Iowa Office of Apprenticeship continues to move forward. Governor will release advisory council members list so we can hold first meeting in the next few months. Dane Sulentic is director and working hard with his team on what we need, meeting with stakeholders, and determining support to move programs forward or starting new programs. Working with WBL team and local employers and Department of Education (DE) for quality apprenticeship programs.
- No update on workforce training fund approved last year. Not heard anything from previous administration or current Secretary of Labor. Assuming confirmation but putting off vote for a week or two. Nothing moving at USDOL other than keeping the lights on. Need to talk to DOL about unfreezing those funds to create more workforce programs.
- Busy time with claims starts end of November and through February. Hoping it warms up drastically next week. With weather claims have been high. As weather warms up more people roll off unemployment and that's a good thing.
- Mobile unit. Continue to work with manufacturers with large scale layoffs and deploying the mobile unit around the state. Expand reach of the mobile unit to be proactive not just reactive. To high school, community colleges, career fairs and employers who want to do hiring fairs. Expanding schedule of the mobile unit. Goal is for it to be out 3 – 4 days per week. Harder in the winter for the generator to keep up with heat. Same with August heat and cooling.

Rob Denson – did DOL have any job cancellations like so many other departments?

Beth Townsend – None that I am aware of. I don't think DOGE has not been to DOL at this point. Assuming no actions with no secretary in place. Business as usual. A lot of apprehension in labor. Going to get on my soap box. I feel that states do workforce development programming better. Big proponent of block funding grants. Could save a lot of money and push that money out to the states. States are more innovative and responsible with money. If we could do block grants, we can create workforce training programs at the state level that would be more cost effective. Feels that this is an opportunity. My message to my peers in DC. This administration is open to block grants. Reduce overall footprint of USDOL. Talked about workforce programs at federal DOE. Reduce overall footprint of DOE. No specifics. Rehabilitative services agencies oversee VR is with DOE and we want to move it to DOL to be smaller with less control. Feels they are a barrier for a long time. Get more flexibility. Not get rid of accountability. What Iowa needs is not what California needs, etc. We did not get a lot of workforce grant funding in the last 4 years versus what we will get in the next 4 years. Feels the future of workforce development could be really bright in Iowa in terms of changes we could get done federally.

Teresa Hovell – update of IT system from 1973. Where are we at in the process?

Beth Townsend – go live with modernized UI program in June. Working on implementation to get off 1973 mainframe for several years. One issue told contractor we would not take system live during our busy season. Want to give ourselves plenty of runway. Implemented in late spring to summer so ready by November and have all bugs worked out. Targeted industry in internships. One of programs in cleanup bill but hoping to be combined with STEM so we have one internship program but have to do this legislatively. Will keep you posted Ofelia.

Ofelia Rumbo – thank you.

Agenda item 9. Update from Iowa Plains Committee by Committee Chair, Holly Espenhover.

Holly Espenhover provided an update for Iowa Plains Committee.

October – December 2024 progress:

- 173 referrals to programs.
- 18 to youth programs.
- Active case load adult and dislocated worker programs currently at 128 active adult and 20 youth.
- New enrollments 41 adult and disclosed worker program and 2 youth.

A lot of work and energy in increasing youth programs. Trying to increase the youth programs and targeting those particular areas.

Fabolous one-stop operator working diligently to pull together the partners and have collaborative effort for one-stop operator. Get all on the same page with direction and strategy against all partnership. Leadership development work which is beneficial with trying to do strategy. Great partnership in one-stop operator. Rapid response happened in this region has responded to four WARN notices. Worker information meetings held at each location and some locations with mobile unit. IowaWORKS staff provided one on one assistance for resume writing, job search and some registered for Title I training assistance. Four counties effected (Pottawattamie (49 workers), Pocahontas, (91 workers), Denison (25 workers) and Shelby (94 workers).

Agenda item 10. Update from System Committee by Committee Chair, Jack Hasken

Update from System Committee by Committee Chair Jack Hasken.

AJC branding. This is tougher one to tackle. Find anything that is not working right or needs probing. Review shows 17 workforce centers that brand themselves. AJC as part of DOL have their own marketing. Some friction of branding between centers. Review WIOA requirements and procedures applied. Would like to get opinion from marketing expert. Happen to know someone that once we collect issues get together as group and give ideas to make branding work better. 10,000 foot overview. Just getting underway.

Wend Greenman – across centers we have IowaWORKS brand. For regulations American Job Center has to go along with it. Variety of partners within centers. Some additional procedure might need to come into play. When does IowaWORKS get used in relation to their partner logos. Historically was all used use IowaWORKS branding and utilize independent logo as well as long as also using IowaWORKS and title of American Job Centers network. This committee is making sure we integrate with one-stop certification standards. All partners and centers are on the same page with branding of IowaWORKS a Proud Partner of American Job Centers as well as our independent programs.

Jack Hasken – appreciate Wendy and Michelle as a big part of this committee. Challenging but see issues we want to tackle and give you some suggestions. Last priority is staff training and integrated services. Tackling real workings of the system.

Agenda item 11. Update from Disability Access Committee by Committee Chair, James Williams

Update from Disability Access Committee by Committee Chair James Williams.

Minutes approved on 5/15/25.

8

Met on January 8. Excited to share interesting updates. New members. Robust discussion. Sara Bath new member brought Ticket to Work program. DAC information reflected and gave perception that she wanted. Information on practices to avoid discrimination particularly around disability. Shared those resources and how we could dig further into that. Future employment first council is next week. Any interested in joining, feel free to let me know so you can join. Formed ad hoc committee for more friendly process.

Agenda item 12. Public Comments.

No public comments.

Motion to adjourn.

Adjournment.

Chair Hovell adjourned the meeting of the Board at 11:57 am.

Shelly Evans - Executive Assistant to the SWDB

ACADEMIC YEAR 2026-27 LAST DOLLAR SCHOLARSHIP ALL OCCUPATIONS ELIGIBLE FOR SWDB CONSIDERATION

Sources:

¹ State of Iowa Occupational Projections 2022-2032, workforce.iowa.gov/oproj

Iowa Code Requirements:

•Entry-level wage of \$14.00 per hour or higher

•Occupation has at least 1.0% annual growth or at least 250 job openings during the next 5 years (50 annual openings)

Additional Information & Notes:

•33.3% or higher of people employed in the occupation with educational attainment of Some College, No Degree or Associate's Degree with a few exceptions.

• Only occupations that typically require some level of postsecondary education or training up to and including an Associate's Degree with a related community college program.

•Green highlight indicates top 25 of category. Red highlight indicates bottom 25 of category.

•Supervisorial occupations were removed due to work experience requirement

•For more information related to occupational descriptions, tasks, work activities, titles, and additional information visit

One-Stop Center Certification Standards: Physical and Programmatic Accessibility

The One-Stop Center certification standards for physical and programmatic accessibility draw from existing materials (e.g., Iowa's WIOA state plan, Disability Access Committee materials, WINTAC integration continuum materials), SWDB input (February 2021 meeting and May/June 2021 online survey responses), and accessibility standards established by other states.

The standards align with the One-Stop certification requirements described at 20 CFR 678.800 (as well as 34 CFR 361.800 and 34 CFR 463.800) and in USDOL-ETA's Training and Employment Guidance Letter (TEGL) No. 16-16, "One-Stop Operations Guidance for the American Job Center Network." Per these requirements, certification standards related to physical and programmatic accessibility must include evaluations of how well the Center ensures equal opportunity for individuals with disabilities to participate in or benefit from Center services. Evaluations must include criteria evaluating how well the Centers and delivery systems take actions to comply with the disability-related regulations implementing WIOA sec. 188, set forth at 29 CFR part 38, including:

- Providing reasonable accommodations for individuals with disabilities;
- Making reasonable modifications to polices, practices, and procedures where necessary to avoid discrimination against persons with disabilities;
- Administering programs in the most integrated setting appropriate;
- Communicating with persons with disabilities as effectively as with others;
- Providing appropriate auxiliary aids and services, including assistive technology devices and services, where necessary to afford
 individuals with disabilities an equal opportunity to participate in, and enjoy the benefits of, the program or activity; and
- Providing for the physical accessibility of the Center to individuals with disabilities.

The accessibility certification standards also address Center program, service, and resource accessibility for individuals whose first language is not English and individuals with lower literacy levels.

Note: The table below includes accessibility standards for both comprehensive and affiliate Centers, in separate columns. In most cases, the same standard applies to both comprehensive and affiliate Centers. However, in one case, standard #8, the standard for affiliate Centers has been adjusted from the standard for comprehensive Centers to reflect different statutory, regulatory, and policy requirements as well as typical partner presence, staffing, operations, and service delivery in affiliate Centers.

| Certification Standards – Comprehensive Standards | Certification Standards – Affiliate Centers | Example Certification Indicators (i.e., bases for determining that the standards have been met) |
|---|---|---|
| 1. The Center supports knowledge development and capacity building of all partners and staff providing services in the Center by providing onboarding and regular refresher training on applicable laws, regulations, and policies regarding providing equal opportunity to all customers and ensuring nondiscrimination in service delivery. | 1. Same as comprehensive Center standard. | Staff training agendas/training content and training schedules Training records Staff demonstrate knowledge/familiarity when asked Job descriptions and professional development plans include this focus |
| 2. The location and internal and external physical layout of the Center is accessible to and inclusive of individuals with disabilities and provides suitable space for service delivery. | 2. Same as comprehensive Center standard. | Monitoring documents to attest to the Center's compliance with ADA standards External: Center is on an accessible public transport line or other transport mode (e.g., van service) that is accessible to individuals with disabilities; parking lot spaces closest to the door are dedicated and marked for individuals with disabilities; the Center features ramps for wheelchair access, automatic doors, and wide paths and doorways Internal: The Center interior includes ramps as necessary; automatic doors; wide doorways; adjustable workstations; wide and easily navigable corridors; adjustable seating; and accessible restrooms |

One-Stop Center Certification Standards

| Certification Standards – Comprehensive Standards | Certification Standards – Affiliate Centers | Example Certification Indicators (i.e., bases for determining that the standards have been met) |
|---|---|--|
| 3. The Center's programs and services are accessible to and inclusive of individuals with disabilities. | 3. Same as comprehensive Center standard. | The Disability Access Committee (DAC) is consulted to identify and address gaps in accessibility within the Centers. The DAC documents steps taken to address identified deficiencies Software programs meet the Web Content Accessibility Guidelines 2.0, AA (WCAG) standards for accessibility Vital information is 508c-compliant, as verified by a sample of documents |

3

| Certification Standards – Comprehensive Standards | Certification Standards – Affiliate Centers | Example Certification Indicators (i.e., bases for determining that the standards have been met) |
|---|---|---|
| 4. The Center and its programs and services are accessible to and inclusive of individuals whose first language is not English and who have lower literacy levels. Language assistance services (e.g., oral interpretation, written translation, online translation tools) are available as appropriate based on the needs of the local population and are provided in a timely manner and free of charge. | 4. Same as comprehensive Center standard. | Review and confirmation of available language assistance services Review and confirmation of availability of limited literacy/"plain language"-format materials Review and confirmation of vital information available in translation or availability of staff assistance and/or online or other tools to assist with translation needs as needed Materials containing vital information that are produced by the Center only in English include a "Babel notice" provided in the predominant languages, or likely to be encountered in the community, that informs readers that the material contains vital information and explains how to access language services to have the contents of the communication provided in other languages A written language access plan is being developed or updated to ensure that LEP individuals have meaningful access as outlined by the appendix in 29 CFR § 38.9 |

4

| Certification Standards – Comprehensive Standards | Certification Standards – Affiliate Centers | Example Certification Indicators (i.e., bases for determining that the standards have been met) |
|---|---|---|
| 5. The Center has trained staff who can proficiently use available assistive technology and aids for individuals with disabilities (e.g., visual, hearing, physical, mental, and intellectual) and help customers use it. Assistive technology and aids provided by the Center are adequate and up-to-date to ensure access to computers, software, and other Center resources and services for customers with disabilities. Center staff know which assistive technologies and aids are available and where they are located. | 5. Same as comprehensive Center standard. | Confirmation of available and functioning assistive technology and aids Staff training agendas/training content and training schedules Training records Staff demonstrate their knowledge/familiarity with using assistive technology and aids Documentation of consultation with the Disability Access Committee around provision of assistive technology and aids and staff training on their use |
| 6. In compliance with WIOA sec. 188, the Center and/or the LWDB has policies, procedures, or other guidance in place regarding nondiscrimination and ensures equal physical and programmatic opportunity, accessibility, and inclusiveness for all customers. | 6. Same as comprehensive Center standard. | Published local policies, procedures, or other guidance Disability Access Committee and/or WINTAC integration continuum materials Center operational plan Center service delivery process flow/guidance |

| Certification Standards – Comprehensive Standards | Certification Standards – Affiliate Centers | Example Certification Indicators (i.e., bases for determining that the standards have been met) |
|---|---|--|
| 7. Services are provided in an integrated and inclusive setting, as appropriate for the individual customer and in accordance with applicable laws, regulations, and policies. | 7. Same as comprehensive Center standard. | Confirmation with staff that services for individuals with disabilities are not segregated/that individuals with disabilities are not automatically routed to providers of service for individuals with disabilities Published local policies, procedures, or other guidance Disability Access Committee and/or WINTAC integration continuum materials Center operational plan Center service delivery process flow/guidance |

| Certification Standards – Comprehensive Standards | Certification Standards – Affiliate Centers | Example Certification Indicators (i.e., bases for determining that the standards have been met) | | |
|--|---|--|--------------------|------------------|
| 8. All customers have equal opportunity and are provided <u>access to all One-Stop</u> <u>programs and basic career services and</u> <u>access to other</u> services provided by all WIOA core, required, and locally- included/non- mandatory partners in a timely manner, either on-site at the Center, through on- demand technology/direct linkage ¹ , or through trained staff from another partner program ² . In addition, the | 8. The Center maximizes customers' equal opportunity and timely access to the programs and services of non-co-located One-Stop core and required partners through methods such as trained staff from on-site partner programs, direct linkage, "warm" referral ³ , and/or other methods. | The local MOU reflects the coordinated service delivery method and approach for all customers, including those with disabilities If not described in the MOU, there is documentation in place that describes how all customers, including those with disabilities, have access to all of the services provided by core and required WIOA partners | | |
| Center has a process in place to ensure that | | <u>Policy and procedure documents</u> | Formatted: No | ot Strikethrough |
| referrals to One-Stop or other partners that | | • SOPs | | |
| are not co-located in the Center are | | Case Notes | Formatted: No | ot Strikethrough |
| <u>"warm" ⁶and facilitated.</u> | | | Formatted: Inc | dent: Left: 0" |

¹See <u>USDOL-ETA TEGL No. 16-16</u>. In the TEGL, "direct linkage" is defined as "providing a direct connection at the American Job Center within a reasonable time, by phone or through a real-time Web-based communication, to a program staff member who can provide program information or services, including career services, to the customer. Solely providing a phone number, Web site, information, pamphlets, or materials does not constitute a 'direct linkage.'" ² <u>TEGL No. 16-16</u> describes "trained staff" as "having a staff member from a different partner program physically present at the American Job Center and

7

appropriately trained [emphasis in the original] to provide information to customers about the programs, services, and activities available through all partner programs."

³ "Warm referral" means that Center staff make direct contact with other programs on behalf of the customer to schedule necessary appointments and followup in a timely manner, rather than requiring the customer to manage his/her own referral.

8

| Certification Standards – Comprehensive Standards | Certification Standards – Affiliate Centers | Example Certification Indicators (i.e., bases for determining that the standards have been met) |
|---|---|---|
| 9. Center partner staff provide opportunities for competitive, integrated employment for individuals with disabilities. Competitive, integrated employment is non-segregated, community-based employment with employers that also employ individuals without disabilities, in occupations comparable to those held by employees who do not have disabilities. | 9. Same as comprehensive Center standard. | Published local policies, procedures, or other guidance Disability Access Committee and/or WINTAC integration continuum materials Center operational plan Center service delivery process flow/guidance Data on the types of jobs the Center is referring individuals with disabilities to and placing them in Documentation of business service team outreach to employers related to competitive, integrated employment opportunities for candidates with disabilities |

One-Stop Center Certification Standards: Effectiveness

The One-Stop Center certification standards for effectiveness draw from existing materials (e.g., Iowa's WIOA state plan), SWDB input (February 2021 meeting and May/June 2021 online survey responses), and effectiveness standards established by other states. The standards align with the One-Stop certification requirements described at 20 CFR 678.800 (as well as 34 CFR 361.800 and 34 CFR 463.800) and in USDOL-ETA's Training and Employment Guidance Letter (TEGL) No. 16-16, "One-Stop Operations Guidance for the American Job Center Network." Per these requirements, certification standards related to effectiveness must include evaluations of how well the Center:

- ↓ F Meets the workforce development needs of participants and the employment needs of local employers.

Note: The table below includes effectiveness standards for both comprehensive and affiliate Centers, in separate columns. In some cases, the same standard applies to both comprehensive and affiliate Centers. In others, the standards for comprehensive Centers have been adjusted to reflect different statutory, regulatory, and policy requirements as well as typical staffing, partner presence, operations, and service delivery in affiliate Centers. Finally, in one case (standard #4), there is only a standard for comprehensive Centers. However, local workforce development boards may choose to set a related standard for affiliate Centers, as appropriate to the situation in their local workforce areas.

| Certification Standards – Comprehensive Centers | Certification Standards – Affiliate Centers | Example Certification Indicators (i.e., bases for determining that the standards have been met) |
|---|---|--|
| 1. Center staff who perform the Welcome and Exploratory Services functions are cross trained to be knowledgeable with the functions and basic eligibility requirements of each program. | 1. Same as comprehensive Center standard. | Agendas, training materials, meeting notes which document the partners sharing services and resources Memorandum of Understanding Customer satisfaction surveys Job descriptions/documents outlining job duties |

| Certification Standards – Comprehensive Centers 2. The Center ensures that customers have access to all One-Stop programs and services through co-located on-site staff, the use of appropriately trained on-site partner staff [*] , or direct technology linkage ⁵ . In addition, the Center has a process in place to ensure that referrals to One-Stop or other partners that are not co-located in the Center are "warm" ⁶ and facilitated. | Certification Standards – Affiliate Centers 2. The Center maximizes customers' timely- access to the programs and services of non- co-located One-Stop core and required- partners through "warm" and facilitated- referrals and/or other methods, such as- using trained staff from on-site partner- programs or direct technology linkage. | Example Certification Indicators (i.e., bases for determining that the standards have been met) Memorandum of Understanding Policy and procedure documents SOPs Case notes | Formatted: Strikethrough |
|---|--|---|--------------------------|
| 3. The Center has a documented, seamless customer flow process that is integrated and inclusive of the following activities: Welcome, intake, and orientation Management of the Exploratory Services Area Workshops Development of the Individual Employment Plan (IEP) or service plan Assessment – informal and/or formal Referrals Any other activities as defined by the local workforce development board | 3. The Center has a documented, seamless customer flow process that is integrated and inclusive of the following activities: Welcome, intake, and orientation Management of the Exploratory Services Area Development of the Individual Employment Plan (IEP) or service plan Assessment – informal and/or formal Referrals Any other activities as defined by the local workforce development board | Customer flow chart or similar document WIOA service integration continuum self-assessment results and next steps template document SOPs Memorandum of Understanding | |

⁴ USDOL-ETA <u>TEGL No. 16-16</u> describes "trained staff" as "having a staff member from a different partner program physically present at the American Job Center and *appropriately trained* [emphasis in the original] to provide information to customers about the programs, services, and activities available through all partner programs."

⁵ <u>USDOL-ETA TEGL No. 16-16</u> defines "direct linkage" as "providing a direct connection at the American Job Center within a reasonable time, by phone or through a real-time Web-based communication, to a program staff member who can provide program information or services, including career services, to the customer. Solely providing a phone number, Web site, information, pamphlets, or materials does not constitute a 'direct linkage.'"

⁶ "Warm referral" means that Center staff make direct contact with other programs on behalf of the customer to schedule necessary appointments and followup in a timely manner, rather than requiring the customer to manage his/her own referral.

|--|--|---|
| 13. The Center management team or One- Stop Operator provides regular reports to the local workforce development board regarding Center operations, performance/outcomes metrics, and customer satisfaction/quality of services to customers. | 12. The Center management team provides regular reports to the local workforce development board regarding Center operations, performance/outcomes metrics, and customer satisfaction/quality of services to customers. Preparation and submission of these reports may be coordinated by the One-Stop Operator if the local workforce development board had given the Operator this role in affiliate Centers. | Board minutes, meeting notes Center management team reports |
| 14. Center signage, Center staff identifiers (including nametags, badges, email signatures, and voicemail greetings), and Center promotional materials, educational materials, fliers, pamphlets, social media posts, etc. reflect the IowaWORKS brand and appropriate use of American Job Center branding, not solely the branding of individual agencies, boards, or programs. | 13. Same as comprehensive Center standard. | Review of Center signage, staff identifiers, materials, etc. Policies and procedures Communications plan Social media policies |

One-Stop Center Certification Standards: Continuous Improvement

The One-Stop Center certification standards for continuous improvement draw from existing materials (e.g., Iowa's WIOA state plan), SWDB input (February 2021 meeting and May/June 2021 online survey responses), and continuous improvement standards established by other states. The standards align with the One-Stop certification requirements described at 20 CFR 678.800 (as well as 34 CFR 361.800 and 34 CFR 463.800) and in <u>USDOL-ETA's Training and Employment Guidance Letter (TEGL) No. 16-16</u>, "One-Stop Operations Guidance for the American Job Center Network." Per these requirements, certification standards related to continuous improvement include evaluations of how well the Center:

Continuous improvement, in the context of the public workforce system, is the ongoing assessment and improvement of services and processes to achieve maximum benefit and value for the customer. To continually improve the system, decision makers must have data that provides insight into Center performance relative to local area-wide performance targets; staff support, technical assistance, and training needs; and customer experience of the service process and results. One-stop certification standards require not just that this data is collected and analyzed, but also that it is actively and ongoingly used to improve and enhance decisions and investments, system coordination, processes and operations, and service delivery.

Note: All continuous improvement standards apply to both comprehensive and affiliate Centers.

| Certification Standards | Example Certification Indicators (i.e., bases for determining that the standards have been met) |
|--|--|
| 1. A method or process exists to identify professional development needs of center staff. | Written process/method Professional development schedule Staff interviews Observation |
| 2. Center staff are provided on-going training and cross-training to ensure they have the knowledge necessary to appropriately and effectively serve and/or refer customers. | Training schedule, attendance rosters Staff interviews Training certificates |

| Certification Standards | Example Certification Indicators (i.e., bases for determining that the standards have been met) |
|---|--|
| 3. Each partner agency providing service in the center <u>make commits to-</u> supporting and making available professional learning opportunities for their staff. | Training schedule Meeting notes Charter or another organizing document Training certificates MOU |
| 4. Methods are in place to track customer satisfaction and feedback. <u>The Center</u> and the Local Workforce Development Board uses the customer feedback and data to assess and improve job seeker and employer services in the local area. These results are reported regularly to the local workforce development board and are used to refine service delivery within the center. | Policy and/or process documents Customer satisfaction data (collected locally or at the state level) Data from customer interviews, focus groups, surveys, etc. Data analysis Meeting summaries where information was discussed Local WDB meeting minutes |
| 5. The center has demonstrated high customer satisfaction from job seeking customers as determined by the Local WDB. | Customer satisfaction data (collected locally or at the state level) Data from customer interviews, focus groups, surveys, etc. |
| The center has demonstrated high customer satisfaction from business customers as determined by the Local WDB. | Customer satisfaction data (collected locally or at the state level) Data from customer interviews, focus groups, surveys, etc. |

| Certification Standards | Example Certification Indicators (i.e., bases for determining that the standards have been met) |
|---|--|
| 7. Center partners demonstrate a shared commitment to providing customers with high-quality, impactful service experiences ⁷ . | Center service delivery vision, mission, and/or values Customer-centered design work documents/materials MOU Charter Meeting notes Staff interviews Observation Customer Satisfaction Survey |
| 8. The center has robust internal processes in place to assess and improve operational efficiency and effectiveness, including but not limited to the level and effectiveness of partner integration, <u>outreach and intake, assessment</u> , service planning and delivery coordination , <u>case management</u> , <u>career pathways</u> , center processes (e.g., welcome, referral, and other processes), review of WIOA key performance measures, etc. | Written assessment process/method and results Meeting notes Process improvement documents Customer survey results Staff interviews WINTAC integration continuum materials Analysis of performance data/reports |
| 9. The center tracks progress of partner integration efforts through the use of the WINTAC integration model, or another model approved by the SWDB, to positively impact system integration across multiple center services, including outreach and intake, assessment, career services, case management, career pathways, and business engagement. | Written process/method Meeting notes Process improvement documents WINTAC integration continuum materials Integration Continuum Major Processes Desk Aid Disability Access Committee meeting notes/reports |
